**CAUTION**

- **Dust and Contact with Skin, Eyes or Clothing**: Causes moderate eye irritation. Remove contaminated clothing by scrubbing skin with soap and water. Wash hands before eating, drinking, or using the bathroom. Avoid breathing dust. Do not ingest. Avoid contact with eyes. Do not inhale dust. If on skin or clothing, wash with soap and water. If eye irritation occurs, hold eye open and rinse slowly and gently with water for 15-20 minutes. If on the skin, wash with soap and water. If irritation from eye contact persists, call a poison control center or doctor immediately for treatment advice. If exposure to dust is a concern, wear appropriate personal protective equipment (PPE) that covers the mouth and nose. If accidental inhaling of dust occurs, move person to fresh air. If exposure to dust is an issue, call a poison control center or doctor immediately for treatment advice.

**NOTICE:**

- **Product Limitations**: Is limited to replacement of product or refund of purchase price. Seller(s) liability from the handling, storage, and use of this product is limited to the replacement of the product. No one is authorized to make any other warranty, guarantee, or direction concerning this product. Because the time, place, rate of application and other conditions of use, results of treatment, and effectiveness of this product will vary, they are beyond Seller(s) control. Seller(s) liability or responsibility is limited to the treatment of the product.

**PESTICIDE STORAGE:**

- **Do not contaminate water, food, or feed by storage and disposal.** Store this product only in its original container in a dry, cool, and secure area. Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. Sweep up and dispose of material according to "disposal" instructions provided in the labels. Call your local solid waste agency for disposal instructions. Never place this product in any public drain. This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Use anytime moss is a problem. Repeat if needed. Rake lawn lightly to remove leaves and border strips along the edge. Drop spreader at recommended rates.
