

# “What’s wrong with paying less for a superior product?”

My Jonathan Green Annual Lawn Care Program with 4-Easy Applications is

**SUPERIOR**  
to the Leading Brand

**APPLY 1<sup>ST</sup>**  
*Crabgrass Preventer plus Green-Up Lawn Fertilizer*

Newer, pre-emergent technology gives longer pre-emergent control, early stage post-emergent control and more flexibility in timing the applications.

**Alternate 1st Application**  
*Crabgrass Preventer plus New Seeding*

**APPLY 3<sup>RD</sup>**  
*Summer Survival Insect Control plus Lawn Fertilizer*

Gives the best available control of the surface feeders; such as, chinch bugs and sod webworms which attack during the “dog days” of summer.

**APPLY 2<sup>ND</sup>**  
*Weed & Feed Lawn Fertilizer*

My proper formulation will give superior control of “tougher” weeds, such as clover; as well as control of over 250 broadleaf & vining weeds.

**APPLY 4<sup>TH</sup>**  
*Winter Survival Fall Fertilizer*

Built to give the proper balance for root development and stress tolerance, instead of pushing winter color for short term gratification at the cost of long term strength and health.

**Jonathan Green**  
FOR THE BEST LAWN IN TOWN

See your dealer about my Annual Lawn Care Program and ask how to get a Gift Certificate for up to \$35.00!

Be aware of local ordinance requirements concerning fertilizers. They may limit or prohibit fertilizer applications from late fall to early spring.
