LAWN FOOD WORKS BETTER WHEN SOIL pH IS BALANCED!

20 LBS. NET WEIGHT (9.07 Kg)

New Product Name: Mag-I-Cal for Alkaline Soils

Item #: 12200

Size: 5m

Formula: Calcium Sulfate Dihydrate

Bag Weight: 20lbs.

Order Quantity: Each, preferably multiples of 10

Pallet Pack: 88 Bags/Pallet

Takes the Place of: None; New Product

### Product Features:

- Contains Calcium and Sulfur (in the form of Calcium Sulfate Dihydrate) to quickly adjust high soil pH.
- Calcium helps build stronger cell walls for better disease, insect, and drought tolerance.
- Contains humates that boost soil microbial activity, reproduction, and metabolism.
- Aids in water uptake and improves the overall soil structure.
- "Soil Food" Step in the "N.A.L. Program".
