## plus Lawn Food

# Turf-pro™

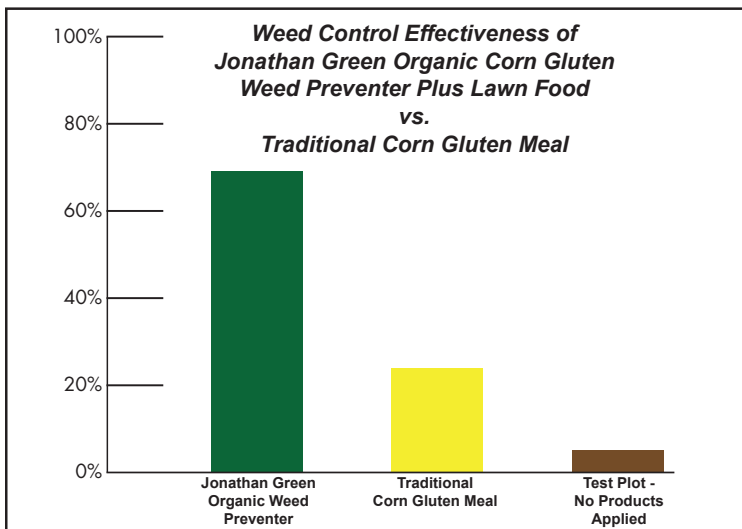

### 10-0-2

Turf-Pro Corn Gluten Weed Preventer plus Lawn Food performs better than corn gluten alone. Corn Gluten Weed Preventer produces a greener lawn while defending against Crabgrass, Dandelions and over 20 + other broadleaf weeds. It's patented corn gluten meal technology, provided by corn steep liquor process, stops weeds before they sprout. Corn Gluten Weed Preventer releases naturally occurring substances which inhibit weed seed feeder roots.

- Use on lawns and flower and landscape beds
- Safe to apply where children and pets play
- Easy to spread granules
