

Black Beauty™ Delmarva

Mid-Atlantic Area Premium Grass Seed Mix

Black Beauty Delmarva is a proprietary tall fescue blend that is specially formulated for the hot and humid climate of Delaware, Maryland and Virginia. With roots that can grow up to 4 feet deep and a waxy leaf coating (like the skin on an apple), Black Beauty Delmarva preserves moisture and limits evaporation. It also withstands heavy traffic, naturally resists insects and diseases, and thrives in sunny and shady areas. Black Beauty Delmarva is sure to provide you with a healthy, dark-green lawn for years to come. Seed should germinate in 10 - 20 days.

Black Beauty varieties have a uniform growth habit, and are grown by leading sod growers across the United States.

- Great for the heat/drought stressed areas of the Mid-Atlantic
- Produces a dense, attractive turf
- A quality, tall fescue blend that outperforms Kentucky-31 Tall Fescue
- Naturally dark-green in color

SIZE	COVERAGE	ITEM#
3-lb.	1,500 sq. ft.	#10390
7-lb.	2,150 sq. ft.	#10391
25-lb.	7,500 sq. ft.	#10392
50-lb.	15,000 sq. ft.	#10393

100% Tall Fescue
